

## Voluntary Critical Illness

# Draw on our experience.

### Strategic voluntary solutions backed by an experienced partner

A top-ranked group life and disability carrier for generations, Reliance Standard was among the first to launch a true Group Critical Illness product. Today our next-generation CI policy has an expanded 28 triggers, including coverage for children and diseases unique to them.

We've removed categories and added benefit options, which means more flexibility in plan design. More opportunity for you to be consultative and strategic as you help build benefit solutions for your clients. And most important: Better protection for employees and their families.

**Legacy Core Benefits**  
including, Cancer,  
Heart Attack and Stroke

**10 New Triggers**  
including Alzheimer's,  
Multiple Sclerosis,  
Occupational HIV/Hepatitis
